City Plans To Honor Its Hero Dead

Memorial Day Parade Here Will Be Headed By Veterans Of The Civil War

Soldiers who took part in every American conflict since the Civil War will join in the Memorial Day parade to form in front of the City Hall at 9:30 o'clock Saturday morning, May 30.

Transportation has been arranged for several Sierra Madre veterans of the Civil War, among them F. B. Seeley of 420 Manzanita avenue and F. O. Nichols of 49 West Olive street.

Mr. Nichols enlisted in New Haven, Conn., in 1862, and participated in 32 engagements under Generals McClelland and Grant before he was mustered out in Petersburg, Virginia, in 1865. Mr. Nichols served with the First Connecticut Heavy Artillery in the "Saven Days Battle," the "Battle of Petersburg," and "The Battle of Yorktown.' His father and brother were also Civil War veterans.

Mr. Seeley answered President Lincoln's first call for 75,000 men, serving in the 28th New York Infantry under Generals Pope and McClelland. He took part in the "Siege of Richmond," "Antietam," and at the "Battle of Bull Run." The veteran was wounded and captured at the "Battle of Cedar Mountain," where fighting was so intense that every officer in the engagement was either killed, wounded or captured.

The entire personnel of American Legion Post 297 will turn out for the parade Saturday morning, Commander Vincent Fleming has announced, and veterans of the Spanish-American and Mexican wars will join in the march to Sierra Madre Cemetery.

The newly organized Sierra Madre grammar school orchestra will play national strains for the marchers, and Boy Scouts from both troops will parade in uniform, with their buglers.

At the cemetery, individuals and organizations will join in decorating all the graves. The Friendship Club, American Legion Auxiliary and various other religious and social groups will place flowers.

After the Legion firing squad sends a volley over the cemetery in honor of their comrades, participants will return to City Park, where Rev. Father Thomas Carter will lead impressive memorial ceremonies.

F. M. Eakman is to sing "The Trumpeter" when a wreath is placed on the bronze plaque in the park honoring Sierra Madre war dead.

Woodrow Wilson High School glee club will present a musical program at the park services, in which prominent citizens and civic officials will deliver short addresses.

RED CROSS ELECTS NEW SECRETARY AND TWO MORE DIRECTORS

Miss Elizabeth Steinberger, chapter chairman of the Junior Red Cross, was elected secretary of the Sierra Madre Red Cross chapter at the regular monthly meeting of the organization Monday.

Mrs. W. W. Murphy was elected director in place of Mrs. M. D. Kneeland, and Mrs. Marian Vannier was also voted a place on the directors' board.

Plans were made for the free swimming and life saving school to be sponsored by the chapter at Canyon Park plunge for six days commencing August 3.

Arcadians Want Loudspeakers In Council Chamber

Arcadia's taxpayers want a loud speaker installed in the Council Chamber at their City Hall so that they can tell what goes on at the Council meetings. Just now, they complain they can only surmise what might be taking place when the Council meets and are not sure until the local newspaper makes its appearance.

The Counclimen go into a huddle about a table far removed from the spectators. They transact the public business in a conversational tone, or lower, and even with their hands funneled about their ears taxpayers complain that they are unable to get the drift of the proceedings. So they have petitioned for the placing of an amplifier immediately over the conference table, with loud speakers in various parts of the hall so that all may hear and have an opportunity to protest on occasion.

Firemen Work On Picnic Grounds In Bailey Canyon Park

Work on Sierra Madre's unique city park, picturesque Bailey Canyon, virgin wooded section at the north limits of the city where wild game is still plentiful, was continued last Saturday when Chief W. D. Richards, Lee Hibbs and Roy Walsworth spent the day hauling rock and sand to spots chosen last week for construction of outdoor fireplaces and grills.

Voluntary construction by the firemen of a public picnic grounds in the mountain beauty spot will give this city an unrivalled, near at hand outdoor recreation ground.

As development opens up hitherto inaccessible scenic sections of the canyon, a beautiful waterfall in a wonderful scenic setting can be easily reached by picnic parties and hikers, it is said.

Hundreds At New Temple's Dedication

Jewish Community Congratulated On Completion Of Its New Center

City officials and leaders of other churches joined with the Jewish congregation of Sierra Madre last Sunday in formal dedication of Temple Beth Israel, at Lima street and Laurel avenue.

In the absence of Judge Lester William Roth, unable to attend because of an urgent call elsewhere, A. Platt, president of the temple, presented I. Irving Lipsitch, head of the Federation of Jewish Welfare, who acted as chairman of the day. He delivered an eloquent address on tolerance and education.

Introduced by the chairman, Mayor H. Clay Reavis and Rev. Arthur O. Pritchard, pastor of Congregational church, extended congratulations of the city to the Jewish community on realization of its ideals in the new religious and social structure.

Inspiring talks were given by other speakers, among them Rabbi S. M. Neches, Rabbi Eugene N. Rosenberg, Rabbi Kert, and Dr. L. G. Reynolds, of Los Angeles. Theodore Kittay, prominent tenor, Cantor Leibo and Mrs. Elisen, soloist of Temple Sinai in Los Angeles, took part in musical ritual services.

More than 400 guests were present at the ceremonies, which included the ceremony of receiving the temple's ark, and presentation by J. S. Weber, chairman of the building committee, of the new structure to the president and congregation. Mr. Weber stressed the goodwill and cooperative effort which went into construction of the edifice.

A formality exciting much interest was the custom of bidding for keys to the new structure. Louis Karpf bought the key to the temple, while Mrs. J. S. Weber, president of the Woman's Auxiliary, purchased the key to the school room, adding substantial sums to the temple's treasury..

One of the first social affairs to be held in the new center will take place next Sunday night at 7:30 o'clock when B'Nai Zion Club, young people's organization, presents its first dance affair.

MOTHER OF LOCAL RESIDENT PASSES ON AT SAN LUIS OBISPO

Mrs. Philip Payne Senour of San Luis Obispo, Calif., passed away on Sunday after an illness of several weeks. Funeral services were held on Tuesday at 3 p.m. from the Richardson Funeral Parlors in San Luis Obispo. Mrs. Senour is survived by two sons, Philip W. Senour of 81 East Grand View avenue, and Roy Senour of San Luis Obispo; two daughters, Eloise, who is on her way home from China, unaware of her mother's passing, and Edith of San Luis Obispo. Mrs. Senour was very well-known in Pasadena, where she was a resident for many years.

LOCAL PLAYERS TO APPEAR ON HI JINKS PROGRAM AT DUARTE

"For Art's Sake," one of D. S Buchan's plays, will be presented next Tuesday evening by the Sierra Madre Community Players on the Hi-Jinks program of the Associated Chambers of Commerce of the San Gabriel Valley at the Marigold Gardens, Duarte. Mrs. J. N. Hawkes will take the part of Ethel; Mrs. W. R. Morgan, Grace; J. N. Hawks, Jim, and the author, Tommy. The scene will be laid in a living room.

A dinner wil be served at 6:30 p.m. and the program will immediately follow. The entertainment numbers are being furnished by some of the cities of the organization. Many Sierra Madreans are planning to attend.

Hundreds Of Teachers To Take Instruction In Child Hygiene Here This Summer

Hundreds of school teachers, nurses and physicians from all sections in Los Angeles county will be brought to Sierra Madre this summer to attend a course of summer instruction in child hygiene to be conducted by the Los Angeles County Health Department.

Work that has hitherto been sponsored by the county health authorities in 16 separate communities during the vacation session each year, will be concentrated in the new model grammar school building here.

For eight weeks beginning on June 22, a series of classes of two weeks duration each will receive instruction and observe the effect of health training on a selected group of children here in Sierra Madre where there is a maximum of sunlight, good air and excellent water.

Built to give the youngsters of this community every possible health advantage, the school's model construction, admitting air and sunshine to every room, efficient clinic and child health department have attracted such attention that Los Angeles County Health Department officials changed their entire system of summer school training to utilize advantages of the building in a center for the whole county.

Sierra Madre Red Cross is helping out in the health program, which is to be under direction of Mrs. Ellen Coll Barker, head of the school health department.

Classes of children specially selected to benefit from the intensive physical corrective course will be divided into four two-week periods. During each period, the staff of nurses and advisors will change, in order that health teachers of as many schools as possible may return to their charges with new health viewpoints and correction measures.

Los Angeles County Health department has already sent out notices to principals and teachers all over the county, Mrs. Barker said yesterday, and requests for a chance to aid in the demonstration are already arriving. In addition, many private physicians, juvenile health specialists have asked to be allowed to attend during the eight weeks.

Thirty Sierra Madre children will enjoy the privilege of taking part in the summer health school. They will be especially selected, and their parents will be asked to cooperate in every way while the youngsters benefit from a course in which valuable information helping youngsters in other districts also will be compiled.

The value of play will be stressed in a program which contains no study periods at all. Fresh air, scientifically selected diet, plenty of sun and recreation are expected to work wonders with youngsters below par.

Real Estate And Building Take A Spurt

More Properties Change Hands And New Dwellings Are Contracted For

Following announcement yesterday that the Ole Hanson Jr. property at the west end of Manzanita avenue has been sold and will soon undergo extensive development, reports of other sales and new building operations here today give a bright aspect to the local real estate situation.

Construction of a new eight-room residence at 462 West Central avenue for Mrs. Dora L. Cover, former resident, was begun this morning.

It is to be a two-story, Spanish style residence on Mrs. Cover's property adjoining the Sierra Madre public library.

Features of the proposed dwelling are artistic tile ornamentation on a stucco background, a basement with two furnaces, and an adjoining two-car garage. F. M. Hildebrandt is the contractor. All material will be purchased in this city, the builder declared yesterday.

Plans for another large Spanish type house of 15 rooms in the southwest section of the city are now under tentative consideration it was learned today.

Claude Vedder, El Centro business man, chose the present period of attractive prices for real estate investment in Sierra Madre.

Vedder this week purchased the Kellogg property, two houses at 77 East Montecito avenue. The deal was consummated Tuesday through Neale and Oswald, North Baldwin avenue real estate dealers.

Two transactions have just been completed by Mrs. N. M. Mesecar of Kersting Court. One sale was of the Fenner property at 258 East Alegria avenue.

The other sale handled through the Mesecar office transfers the C. H. Young property at 311 North Auburn.

Another optimistic note was sounded when Peter Ranahan of 119 Auburn avenue, taking advantage of the low building costs, began construction of a five-room dwelling at 30 Victoria Lane. The dwelling will include a one-car garage.

Annie T. Reid is adding a one-car garage to her residence at 96 West Central avenue.

LEGION POST HERE WILL RESPOND TO THE MOBILIZATION CALL

Sierra Madre American Legion members will be sitting by their radios in readiness for the statewide emergency call to be sent out by Governor James Rolph Jr., between 7 and 8 o'clock Thursday night.

Immediately upon receipt of the broadcast, the Legion members will go to the city hall headquarters.

The test is part of a huge preparedness plan by which an estimate is gained of the number of Legionairres available on short notice.

Late Rains Guarantee Ample Water

Gravity Flow From Seeping Mountains Cuts Pumping Costs At City Wells

Beginning with a light, penetrating mist Sunday morning, an unexpected late May storm brought nearly an inch of rainfall and much rejoicing to Sierra Madre before the clouds parted late Monday afternoon.

Fair weather with moderately warm temperatures has been predicted for the next few days by Col H. B. Hersey, head of the government weather bureau here, who declared that present conditions indicate complete passage of the storm.

Precipitation for the two days amounted to .88 on an inch, according to figures taken at the City Pumping Plant Tuesday morning, bringing the season's total to 17.04 inches, a figure only a trifle below the May 26, 1930 total of 17.09 inches.

Officials declared yesterday that the water level in the underground basin now is in the neighborhood of 177 feet from the surface, in comparison with a level of 170 feet below the surface at the same date last year. In other words, the basin is 7 feet lower than it was toward the end of May, 1930.

Operations at the pumping plant will be suspended for several days at least, it is said, at considerable saving to the city through use of mountain gravity flow.

Gardens and flower beds received the most benefit from the continued showers, which were too light to do much good as orchard irrigation, agricultural experts declare. Two or three inches must fall before the citrus groves derive much benefit, it is said, although other fruit trees, with roots nearer the surface, are sometimes materially benefitted by the lighter showers.

Rain in late May is regarded as unusual, since records extending over many years show that the month rarely brings any storm in its last two weeks.

Progress Depends On Individualism College Head Says

At the dinner of the Men's Comunity Club, held last Thursday evening in the social hall of the Congregational Church over one hundred men and women of the community were assembled. Dinner was served by the Women's Society of the Church.

Elmer A. Green as toastmaster, presented President Walter F. Dexter of Whittier College, who by his very informality, held his audience fascinated with a masterly discourse, taking for his subject "American Individualism." The history of America, he showed, owes its progress to the individualistic tendencies of those who preceded us and by the same token our future progress depends chiefly on individual initiative.

Roy Pickett Breaks Into Hall Of Fame

Nearly Hugged To Death When He Slams Out Hit Winning The Ball Game

Mr. Roy Pickett crashed into Sierra Madre's Hall of Fame with a baseball bat at the school athletic field on Friday night.

It was this way: Sierra Madre's entry in the American Legion League of Baseball Clubs was tied with San Marino's entry in the same League. The score was 14 to 14. Neither team had lost a game.

The stage was all set for the making of a hero when Mr. Pickett confidently trotted up to the plate. Two were out and there were three men on base. All of the hundreds of spectators except the small group from San Marino were either holding their breath or praying for Mr. Pickett to "do somethnig."

It was under exactly similar circumstances that the Mighty Mr. Casey brought distress to a great community and tumbled from the hero's pedestal when he cut three great gashes in the air.

Not Mr. Pickett. He socked the first ball pitched squarely on the nose and chased three Sierra Madreans around the bases ahead of himself, halting at third base when the ball was finally returned to the diamond. But only one run was needed. His fellow players and spectators, wild with joy, almost hugged Mr. Pickett to death and he will probably get further evidence of the good will of his home town folks when he steps to bat in the game scheduled with East Pasadena on Friday night of this week.

At the end of the first inning, the local team, attired in blue lettered white sweat shirts and white visors, woke up to the fact that their new uniforms were not going to win the game. From three to nothing in the first, the score in favor of San Marino rose to ten to three by the sixth inning. Then, one by one, nice new sweat shirts and visors were peeled off and thrown aside.

Their undefeated standing at stake, Sierra Madre players got down to business—and tied the game 14 to 14 in the eighth inning.

San Marino's hopes faded as Pratt successively fanned three players, and sent Irwin to bat.

Three Crews Clear North End Of City Of Weed Nuisance

Swift work on the part of Sierra Madre's new weed cleaning crews has put a fire-break of clean lots between the town proper and the mountains since Monday, Jack Hosford, in charge of the three crews now operating in the north end of the city, reported last night.

Two crews put into operation last Monday were joined by a third Tuesday afternoon, and now 24 men, in groups in charge of A. N. Carter, James Lynde and S. Petsel, are slowly working southward in Canyon Park and lower Bailey Canyon.

Owners anxious to avoid a 40 per cent penalty to be imposed, cleared more lots this year than during 1930, Hosford reported, and work which took six weeks last year may be finished this summer near the end of June.

A cheerful angle of the weed-cleaning project is its town beautification effect, and the fact that the men hired are being aided in a time of unemployment.

FRANK J. McCASLIN SUCCUMBS TO HEART ATTACK AT HOME HERE

Sierra Madre was bowed with grief Wednesday with news of the sudden death of Frank J. McCaslin, well known local citizen, who was stricken with a heart attack in his home at 255 East Highland avenue here shortly after 1 o'clock Wednesday afternoon.

Although he complained of ill health Tuesday afternoon, and was removed to his home and placed under a physician's care, no alarm was felt before the stroke came.

Mr. McCaslin was born in Nokomis, Ill., 58 years ago. He is survived by Mrs. McCaslin, to whom the sympathy of a host of friends has been extended.

He came to Sierra Madre from Balboa Beach in 1923. Known as a lover of horticulture, his hobby was avocado culture in which he was an acknowledged authority.

Funeral services will be held at 3 p.m. from Ray A. Grant Funeral Parlors; interment at Pasadena.

Property Owner Is Fined As Warning On Fire Control

Mitigating circumstances brought a light fine and dismissal to N. C. Heron in City Court last Monday for allowing a weed fire in the Monte Lado tract to escape from his control and spread to adjoining lots. Failure to provide proper precaution against the hazard was charged in a complaint brought by Ranger R. W. Newberry on May 19. On Heron's plea of guilty, Judge William Lasater assessed a nominal fine and used the case as a basis for a warning today for more care in methods used by property holders in burning trash and weeds.

Working Out Joint Use Of Water Basin

County And Local Communities Near Agreement On Spreading Ground

Early construction of a mutually owned spreading ground, in which the County plans to aid Sierra Madre, Arcadia and Oakwood syndicate in building an underground reservoir to conserve the flood waters of Sierra Madre and Santa Anita Canyons, is indicated in a communication just received from Los Angeles County Flood Control District.

City Engineer Lynde has been asked to attend a conference of the interested sections in the City Engineer's office in Arcadia on Wednesday, June 3, at 2 o'clock. E. C. Eaton, Chief Engineer of the flood control district, has arranged the meeting, which will be followed by a preliminary field trip over the area.

TITLE ERRORS DELAY LETTING CONTRACTS FOR CANYON PAVING

Discovery of title errors in Canyon Park property acquisitions bounding the new roads to be paved in the district caused the City Council to postpone opening of bids Wednesday night until June 24th.

Joseph Calhoon of 206 Auburn avenue asked payment of judgment received against the city in the Pasadena small claims court on May 12. Calhoon claims $21.50 damages for injury to a gravel driveway on his property when a "dead end" water main broke loose last year.

A chamber of commerce request for financial aid in publication of a new illustrated folder was met with the answer that city funds for the purpose were not available at present.

Chief of Police McMillan was directed to see that "no parking" measures requested for the three entrances to Sierra Madre school be enforced. Areas near the Hermosa, Auburn and Highland avenue entrances are to be barred to standing autos.

Home For 40 Bought Here By Society

British Organization Picks City As Most Ideal Location On West Coast

Sierra Madre has again proven the great value of its three most remarkable assets—peace, charm and natural beauty.

After searching all Southern California, the Daughters of the British Empire this week chose Sierra Madre as the ideal spot for founding a California haven for elderly members of the society.

Through W. R. Humphries, the group has just purchased the large residence at 647 and 300 feet of frontage on Manzanita avenue near Sierra Madre avenue, from Ole Hanson Jr., and L. J. Nelson. Improvements to make the property ready for its guests will be begun in a few days.

The sale brings over 40 new residents to this community, and focuses the interest of many combined British societies in the United States on the advantages of this city.

The California British Old People's Home will provide a safe and comfortable refuge for aged men and women of British birth or ancestry in 11 Western states. Like similar foundations in Illinois, New York and Florida, it will be made possible through endowment, annuities and direct support from allied British organizations in America.

Mrs. R. J. Morrison, president of the association directly sponsoring the Sierra Madre home, lives in Pacific Palisades, as does Mrs. F. Sedding, treasurer of the society. The board is composed of two vice presidents and four honorary presidents. Recording secretary is Mrs. C. Magee of Los Angeles, and Mrs. W. H. Holt, also of Los Angeles, holds the post of corresponding secretary.

Two majestic oaks, with spread of over one hundred feet each, add dignity to the beautiful site selected, which also possesses a number of stately palms and large eucalyptus trees. Many varieties of fruit trees and lovely flower gardens border the nine-room house, which commands a wonderful view of the Sierra Madre range.

Besides accommodations afforded by the large residence, a small guest house nearby offers a place for visitors and relatives. Facilities will soon be extended by erection of a larger home on vacant property to the West, it is said.

FORTY NEW 'PHONE LINES INSTALLED HERE DURING WEEK

Community progress is always reflected in the growth of a town's telephone system. Forty new lines were installed in Sierra Madre this week to take care of growth, and to render the best possible service to subscribers, Sierra Madre Telephone and Telegraph Company officials reported.

NATION WELL NAMED

"America has been dubbed, with much justice, the shyster lawyer's paradise," says the Portland Oregonian.

"Take New York State as an example. Recent studies show that cases in the state supreme court are brought to a conclusion after an average delay of two and a half years. Some of the cases finally disposed of last year had been dragged out for more than 10 years. Cases in New York city court average slightly under two years. The municipal court required an average of 10 months for disposition of its cases.

"No figures are available as to the total annual litigation in New York State, but Ohio, which did total its litigation, found that it had about half a million cases for each 12 months.

"Spectacular failures of criminal justice, such as have been witnessed in Chicago, and widespread corruption, such as has been uncovered in the magistrate's court of New York City, apeal to the public imagination and cry for correction. But in quantity, social morals suffer no more from these conditions than the nation's business suffers from the legal delays that hamper it. The judicial council of Ohio, after stduying the matter carefully, has published the opinion that if the present Ohio courts were properly coordinated, they would be sufficient to handle the legal business of 20,000,000 people—one-sixth of the entire population of the United States.

"Improvement in the courts and the machinery of the law cannot come soon enough now, no matter how soon it comes."

This legal tangle has been brought about largely by our insane multiplicity of restrictive laws which apply to individuals and industries alike. Less law and better justice—in that direction lies security for society.

UP TO THE TAXPAYER

Nothing but a permanent increase of government expenditures and permanent increase of taxes can result unless there is a limit placed upon bureaucracies which the government is building up, emphatically declared Senator Borah of Idaho, in a statement issued April 29.

It needs no argument, he said, to satisfy one that government expenditures are wastefully large and that the ever-growing burden of taxation is one of the great factors in bringing about our present depression. But there is no remedy for these things unless the people, the voters themselves, place this subject on their agenda and call for an accounting in no uncertain terms.

WE DON'T STAND STILL

Take faith out of human affairs and there is not much left. It usually happens in some way that we accomplish the things in which we have an abundant faith. The converse is equally true—we are already beaten in the undertakings we doubt. In all affairs of life we must forever fight our way forward or else we drift rapidly backward.

In the opinion of the Los Angeles county council neither the county nor any of the cities may legally incorporate demands for the employment of local labor or materials in the awards of contracts and local governments that have acted otherwise cannot enforce their contracts. The opinion was rendered in connection with contracts for the new county hospital.

Registering an increase of 33.4 per cent during last month as compared with the corresponding period of 1930, a total of 27,183 out-of-state motor tourists entered Southern California in 10,455 cars via Blythe, Daggett and Yuma, it was announced yesterday by the All-Year Club. The total for California amounted to 49,215 tourists in 18,929 cars which is a total increase of 12.7 per cent over April of last year.

One out of every four persons in the United States used the recreational resources of the 151 national forests of this country in 1930, according to complete records announced today by the U.S. Forest Service. A total of 31,904,515 visitors were estimated by the forest rangers, a gain of 146,284 over 1929. California leads all states in the number of national forest visitors with 16,000,000, or over half the total, of which 14,000,000 were transients.

A force of 1000 men is at work tearing down every illegal advertising sign on California's highways. It is estimated that approximately 50,000 of them will be removed. Some day it may be possible to see California from the windows of autos driven along the state highways.

Mark off in your mind's eye a distance on the highway of a mile and three-quarters and then imagine, if you can, a hole in the ground as long as the stretch of highway you have marked out, and you have a faint conception of the deepest oil well in the world which is located in the Seal Beach field. Hitherto the Big Lake field in Texas had the honor of the deepest well, but last week the well in Seal Beach reached a depth of 9054 feet while the Texas well is but 8100 feet.

"Although the recent Legislature dodged any action on two *of* agriculture's most pressing problems—water and taxation—it was productive of a fair crop of agricultural legislation," says a report by the Agricultural legislation committee, "and defeated most of the bills inimical to the industry."

More than 14,000 national conventions will be held in the United States during the coming year, according to tabulations based on those which successfully met and adjourned during the past 12 months. No figures on county, state and district conventions are available, but a New York hotel man estimates that the national figure should be multiplied by 12 to reach a fair total of important gatherings.

The State Highway department reports that in the first quarter of 1931 there was an increase of 6 per cent in fatal accidents on rural roads and a decrease of 3 per cent in deaths, while in the cities of the state fatal accidents increased 19 per cent and deaths 18 per cent.

A total of 170 persons were killed in California in 1930 trying to beat the trains to crossings—and failing.

Sixty-one per cent of last year's murders were committeed by shooting.

MASONIC LODGE TO SPEND A WEEK-END AT MOUNTAIN CAMP

The local Masonic lodge will enjoy a weekend at Hoegee's (Billy Murphy's) Camp, leaving Saturday evening, June 13, and returning Sunday night, June 14. All Masons are invited to enjoy this outing and all able to attend are urged to get in touch with Tom Tyler at the Sierra Madre Furniture Company, or Rudolph R. Hartman at Hartman's Drug Store.

Communists Gains Told By A Priest

Three Of Party Of Clerics That Left Sierra Madre Killed In War-Torn China

With American courage and religious faith as their only weapons in war-torn China, where Communists and nationalist troops are fighting over the body of a sick nation, two Sierra Madre visitors, Fathers Cyprian Frank and Arthur Benson, told harrowing tales of adventures experienced by the missionary party which left here in 1924.

Back on sick leave from remote Hunan province, North China outpost where he served for over seven years, Father Cyprian Frank, a slim, vital figure in the late thirties, aided in the recent Feast of St. Rita, Catholic event here joined in by over 800 celebrants this year.

After the picturesque ceremony of the roses, when hundreds of pilgrims filed through the church to receive flowers blessed with authentic relics of the patron saint, Father Cyprian told intimates of the harrowing adventures experienced by the missionary party with which he left Sierra Madre in 1924.

Of the twelve young men given departure services at St. Rita's then, only six remain physically able. Three of the group—the first three American priests killed in China—were murdered by roving bandits, and other suffered from plague and hardship.

A smiling, confident speaker, Father Cyprian told of how the band successively underwent plague, famine and raids by Communist troops. Inherent love of adventure showed behind his religious faith as he told of how armies battled over the ground where the priests sought converts.

Borodin, Russian Jew credited with inspiring and directing the Red movement in China, was once Michael Berg, a Chicago radical, Father Cyprian declared, and is now directing from Canton a movement which threatens to spread all over the East.

Communism in China is on the gain, he declared, and, with its anti-religious principles, makes more difficult each year the work of missionaries of all creeds, although converts are more sincere in their faith.

The speaker gave credit to his companions for accomplishing the purpose of their mission despite almost insurmountable difficulties, and little to himself, but advices from the mission district indicate that he was responsible for keeping up the spirit of the group during its darkest periods.

CHANGE IN INTEREST RATES ON BANK DEPOSITS

NOTICE!

Acting in agreement with the banks of Los Angeles, Pasadena and Monrovia, this bank announces the following rates of interest effective July 1st, 1931.

On six-months interest-bearing Term Deposits three and one-half per cent per annum (3½).
On Time Certificates of Deposit maturing in more than three months and less than six months three (3) per cent per annum, and on Time Certificates of Deposit issued for six months or longer, three and one-half (3½) per cent per annum.
On Special interest bearing Savings Accounts subject to present regulations two and one-half (2½) per cent per annum.

This reduction is deemed prudent and made necessary as the result of prevailing low rates of return upon those types of liquid investments in which banks must of necessity carry a large proportion of their funds for the protection of their depositors.

NEW THEATRE FOR THE PILGRIMAGE PLAY

The Pilgrimage Play, famous drama of the life of the Christ and of old Judea, again will be seen this summer, after lapse of a year caused by burning in a brush fire of the old playhouse in the Hollywood hills. A beautiful new amphitheatre, representing an investment of $350,000 and embodying both the architecture of 2000 years ago and the conveniences of the present, has been erected on the site of the old structure and will house this summer's performances. The season is announced to begin early in July.

The new theatre contains 1400 seats, 140 more than were in the old playhouse. All of these will be upholstered. The structure itself is fire-proof, being built of reinforced concrete, and will contain a museum of biblical exhibits.

JUNE GARDEN HINTS

The rains this week were perfect for the home gardener. Now will be the ideal time to go over the whole yard and get it ready for the summer months.

Before the ground dries up enough to form a crust, every bit of it should be gone over with hoe and cultivator, all weeds removed and the surface left in a loose condition.

Old, sickly and ugly plants should be removed, borders straightened up and pruned, old borders that have become sloppy, dug out and replanted to new ones. Trees and shrubbery should be prunned if they have grown lop-sided or too tall.

All plants grown in pots or containers transplant well in June. The roots will not be disturbed if care is exercised and as they are now active and the soil is warm, there should be little or no check in the operation and new growth will be rapid.

Divide water lillies now, using good soil mixed with cow manure about half and half. Use boxes or other containers that are large enough to give the roots plenty of room to develop.

Porch and house plants should be repotted for the summer, or is this can not be done, give them a top dressing of good soil or leaf-mold mixed with blood meal.

June is a splendid month in which to plant all sub-tropical plants. This is because they like to have warm soil in which to grow. This class of plants include Hibiscus, Lantanas, Poinsettias, Bouganvillias, Jacarandas, Coral trees, palms of all kinds, Dracenanas, orange, avocado, loquot and Cheromoyia trees.

Get rid of the Bermuda grass now by digging it up deep enough to get all of the roots and then burn them. If you do not get every inch of the root it will grow and spread again.

For summer flowers plant Verbenas, Petunias, Asters, Zinnias, Marigolds, Pentstemons, Begonias, Fuchsias, Carnations, Gaillardias, Lobelias and Shasta Daisies.

ONE of the cherished ambitions of every home gardener is to grow the beautiful dahlia. Dahlias are easily grown—they are propagated by tubers and by seeds. Seedlings are hybrids and all new varieties originate from seeds; the varieties are continued through the planting of tubers.

Seeds may be planted in flats or boxes in a light soil, containing considerable humus. Cover the seed about one-eighth inch with leaf mold. They should be kept moist at all times, and the glass covering for the box will assist in holding the moisture until the seeds are germinated. When the sun shines, tip or raise the glass to allow a circulation of air, put-

To Produce Large Flowers the Plants Must Be Disbudded

ting the glass down again when the sun is gone. Transplant when they have their first or second rough leaves. Set them about three inches apart in flats and later transplant them to the garden. Trimming the rootlets at the time of transplanting will increase the root system. In growing dahlias from seed there may be single, semi-doubles and doubles, depending largely upon the parent plants that produce the seed.

One should not depend entirely upon dahlias from seed, but should also plant tubers of named varieties. Plant them after the soil begins to warm in the spring. Set the stakes first, then plant the tubers, the eye end within one or two inches of the stake and to a depth of five or six inches. Place the tubers in a horizontal position.

When the plants have grown to a height of about seven or eight inches, pinch out the tops to induce branching neear the ground. To produce large flowers, the plants must be disbudded. As a lateral or side branch grows, remove the laterals as soon as they appear at the leaf pairs on all joints, except the one nearest the main stalk.

Remove two buds at the terminal, leaving but one. When the flower is fully opened remove it by cutting the lateral branch back to the first joint from the main stalk. This joint will grow two laterals, and they should be disbudded and disbranched in the same way.

To keep well the cut dahlias, scald one or two inches of the cut end of the stem by holding it in hot or boiling water for about 25 or 30 seconds. Then place in a deep vessel of water over night.

FOLLOW A PLAN

No matter how simple or pretentious your grounds are to be, a plan made before the work is commenced will be your greatest aid in achieving a charming outdoor living room. A plan will act as a sort of measuring rod—it will prevent needless errors and changes, and it will enable you to check over that which has already been accomplished.

PROGRAM OF SPECIAL MUSIC AT BETHANY

Bethany Church will enjoy an evening of music Sunday at 7:30 p.m. under the direction of Roy F. Stevens, choir director. The music and the address by the pastor will center around one theme, "The Name of Christ." Special musical numbers will be presented by the choir in the form of solos, duets, quartets and anthems. The congregation will be called upon to assist in the singing of many hymns.

RAILROAD TRIES ANOTHER "DOLLAR DAY" EXPERIMENT

Early summer vacation travel throughout California and a half-dozen neighboring western states will be launched auspiciously today and tomorrow (Friday and Saturday) May 29 and 30, with the re-establishment of cent-a mile roundtrip fares by the Southern Pacific Company, according to announcements today. It will be the last of the summer season's "dollar days."

Designed to stimulate vacation traffic at its outset, the low-fare excursions will have the added attraction of a 12-day return limit. Tickets sold on the three dates of the "sale" will be good until midnight of Monday, June 8.

FRIENDSHIP CLUB WANTS MEMORIAL DAY FLOWERS

The Friendship club of the Congregational Church will meet this (Friday) afternoon at the home of Mrs. Warren O. Preston, 503 West Montecito avenue, to make bouquets to be placed on the uncared-for graves at the Sierra Madre Cemetery. Friends are requested to donate any extra flowers they may have—geraniums, shasta daisies, ever-lasting flowers, etc., all flowers will be greatly appreciated. Flowers are to be left at Mrs. Preston's home, or Mrs. Joe Stimfling will gladly call for theh if she is telephoned at 177-3. The club made up over two hundred bouquets last year.

REPAIR OF RAILWAYS RIGHT OF WAY HERE NEARS END

Workmen this week will complete pavement repair work of the Pacific Electric right of way on Central avenue, improvement project begun by the railroad a few days before this year's Wistaria Fete opening.

Inquiries totaling 43,560 from American families regarding a summer vacation in California have been received by the All-Year club since the start of the spring advertising campaign last February in national magazines and leading newspapers throughout the nation.

Fire Flames

By one of the boys

A PICNIC is planned for "Decoration Day" to be held at the "Wistaria" grounds. Some brush is to be cleaned off a section of the property and this is included in the program of sports for the event. Other features of the day will be foot races and a ball game.

Since the town has gone baseball "batty," the firemen are not to be excepted. Most of the day will be spent in chasing the balls down the side of the hill, and we'll bet on that. There are a lot of us that are better ball players than we are weed choppers.

We don't know of course, but just recently we saw Jim Heasley carry one of those reed baskets into the "House of Richards." We know that Heasley's baby has outgrown the basket.

Has anyone seen Steve Petsel with his new straw hat? Some hat! Don Hosford has left for a long vacation at Lake Tahoe. The entire Don family accompanied him. We will miss them.

We all read in last week's NEWS of Chief MacMillan's good luck. He is one lucky fellow. It is very doubtful if he will ever be called to the phone on meeting night. After "Mack" is married the whole force or group of firemen will be 'tied down."

The organizing of the Ladies Auxiliary has been a wonderful means of getting the women folk of the department acquainted. For a number of years they hardly knew each other and were missing many enjoyable evenings. When the crowd of them get together, we vote them a fine looking bunch of girls. Nearly all of them play Bridge, and those that do not, have a good time telling the others how. Since the baseball craze hit the city, the ladies may develop a bloomer girl's outfit.

While talking to Colonel Hersey about the weather recently, our great and noble Assistant Chief, George Norris, was given an ear full from the Colonel about the accomplishments of the firemen and of course George got out his horn and started to blow. He was so "puffed up" about the encouragement from the weather man that it would be no surprise if the Fire Department would soon be attempting to build a new City Hall. Chief Richards received an add from a truck manufacturer, illustrating a truck that is capable of drawing smoke and heat from a mine or house, and if he and George get their heads together, we may have to have a new City Hall to take care of this piece of equipment. We feel that if they include "Doc" Swanson and Vern Udell in the "conspiracy," the job is as good as done.

Our next meeting will not be until June 12.

THESE four cars are the turning point of an industry that once again is turning to Studebaker for leadership. Four cars that represent the limit of this era's engineering advancement . . . Studebaker's latest contribution to a motoring America that is eager for new methods that make for reduced costs.

Ten months ago Studebaker pioneered Free Wheeling . . . and today it seems the world of motor cars is planning to vindicate the pioneer . . . proposing to make Free Wheeling as universal as the electric starter.

With Free Wheeling, Studebaker is inaugurating new principles of propulsion without which any modern car is already old! . . . principles that put momentum on a leash and upkeep on a diet! . . . saving 15% to 20% on gasoline and oil . . . reducing clutch-pushing and easing gear-shifting . . . providing new measures of safety that command the approbation of traffic officials from coast to coast.

But deeds speak louder than details! . . . the speed and stamina of Studebaker cars are established by official stock car records . . . and their thrift with Free Wheeling is certified by Studebaker's recent capture of the national economy championship from 39 cars of 19 makes.

These four Free Wheeling Studebakers are years ahead of their time! Whoever buys a car with the imprint of the Studebaker name and the impress of Studebaker workmanship is protected by the 79-year policy of advanced achievement that gives inherent permanence to everything Studebaker does.

Local Team Takes First Place In The Legion's League

Sierra Madre's victorious Legion team, with the highest standing in the 18 District Night Baseball League, will clash with East Pasadena Friday night, May 29, in a pre-Memorial Day contest expected to draw huge crowds to the school playground diamond here at 8 o'clock.

A thrilling contest is predicted despite the fact that the outside team is near the bottom of the list. East Pasadena players have lost their three series games by very narrow margins, failing by only one run to tie San Marino, which nearly turned the tables on Sierra Madre last Friday night. The league standing, with Sierra Madre at the top of the heap, follows:

	W	L	Pct.
Sierra Madre	3	0	1.000
San Marino	2	1	.667
Arcadia	2	1	.667
Alhambra	2	1	.667
Azusa	2	1	.667
Pasadena	1	2	.333
East Pasadena	0	3	.000
Puente	0	3	.000

NEARLY A MILLION ADDED TO REVENUE OF FRUIT GROWERS

Closing the first year of operation, the Citrus Distributing Plant of the California Fruit Growers Exchange, which sells the loose fruit of Exchange members in the Los Angeles market, reported a total of over 1,352,000 boxes of loose oranges, lemons and grapefruit moved through the plant since May 1, 1930, according to Paul S. Armstrong, assistant general manager of the California Fruit Growers Association. Returns of $1,868,000 were obtained for the fruit sold through the plant.

The report disclosed that 1,020,000 loose boxes of oranges, 176,000 loose boxes of lemons and 155,000 loose boxes of grapefruit were sold to Los Angeles fruit dealers. Converted to a packed box basis, total sales were shown to equal over 1,000,000 boxes, or the equivalent of 2,360 standard cars.

Puente's citrus packing houses are shipping 18 cars of valencias a week, though the navel crop has not all gone out—the shippers holding back until Florida's crop has about disappeared in the Eastern markets.

City's Bonded Debt $113.60 Per Person Says An Authority

Sierra Madre had a per capita bonded indebtedness of $113.60 on June 30 1930, according to a study of the bonded indebtedness of 275 municipalities in California just completed by California Taxpayers' association. Total bonds outstanding for the municipality at that time were $403,000.

Sierra Madre ranked 51st as regards total bonded debt, and ninth from the highest in bonded debt per capita.

JUNIOR WOMANS CLUB DELAYS PRODUCTION OF ITS ONE-ACT PLAYS

Production of the three one-act plays planned by the Junior League drama group for June 26 was postponed to a date between the 15th and 20th of September at a gathering of the Junior members in the Woman's Clubhouse Tuesday night. The plays clashed with a benefit production of "The Romancers" to be given by Community Players for the Ladies munity Players, Miss Catherine McClelland disclosed yesterday.

It was erroneously reported last week that Mrs. Cecily A. Allen was Drama Director of the Junior League group, and had made the announcement which appeared in this paper. Mrs. Allen's interest in the play group is one of active assistance rather than of official direction.

CLAGSTONE HERE TO ADDRESS BUSINESS MEN AT KIWANIS MEET

Paul Clagstone, manager of the Western Division of the Chamber of Commerce of the United States, will address the business men of Sierra Madre at a noon meeting of Kiwanis on Tuesday, June 2nd.

The local Chamber is an affiliated member of the National Chamber and Mr. Clagstone will render a report to business leaders of this community regarding the recent annual meeting of the National Chamber at Atlantic City. The keynote of this meeting was Business Leadership and the Public, which will be the subject of Mr. Clagstone's address.

With particular reference to the present business situation, he will outline the activities that were initiated by the National Business Survey to bring business back to normal as rapidly as possible, as well as legislation in which organized business is interested.

Father Ernest Cunningham, recently returned from his mission in the interior of Central China, gave his exepriences and described the customs of the Chinese people at the Tuesday luncheon of the Kiwanis Club.

R. C. Copenhaver won the milkfund prize donated this week by M. H. A. Peterson. Father Hyacinth Clarey was the chairman of the day. Guests present were Henry C. Shearer and J. Hathaway of Monrovia.

BIGGER GRANDSTAND FOR BASEBALL GAMES

Increasing crowds at the Legion series baseball games will find that measures have been taken for their comfort when they attend Friday night's contest. Construction of new grandstands to supply approximately two hundred additional seats began yesterday. The seats are being built at the south edge of the field.

WOLF IN CHICKEN PEN WAS BIG POLICE DOG

The cry of "wolf" brought police and armed citizens to the rear of the Emile Smith residence, 249 Wilson avenue, late Wednesday night, when a large female police dog, reverting to primitive instincts, killed nine chickens before it was in turn slain. Until death proved otherwise, the dog was mistaken for a marauding coyote or wolf.

FIREMEN'S FAMILIES TO PICNIC SATURDAY

Sierra Madre Volunteer Fire Department, with the Auxiliary, plans a picnic celebration for Memorial Day at the Fennel estate after the downtown memorial exercises.

The affair will taken on the nature of an informal celebration, Fire Chief W. D. Richards said last night. After basket luncheons on the lawn, members will discuss plans for improvement of the estate and possibly turn to and begin the program of landscape embellishment planned in making the estate ready for huge crowds expected during the Olympic Year festival.

MANY CONTRIBUTE TO SUNDAY MUSICALE—

Mr. and Mrs. A. E. Pulling of 382 West Montecito avenue, entertained with a musicale on Sunday afternoon at their home. Assisting the hostess, Mrs. Pulling, were Mrs. Elmer Pulling and Mrs. Nettie Dennison. Miss Lucie Dodd rendered piano selections; Raymond Baldwin, piano selections; Mrs. Marguerite Baldwin, two vocal solos; F. Eakman, a group of songs, Miss Olive Sedgman, flute solos, and Mrs. Eakman two original recitations. Mrs. Alice Smith, mother of Mrs. Eakman, who was a former missionary, enjoyed exchanging reminiscences with Mrs. Hayes, grandmother of Mrs. Raymond Baldwin, a wonderful old lady of 97 years who was a nurse in the Crimean War. Dainty refreshments were served the guests, who included Mr. and Mrs. L. E. Dodd, Miss Lucie Dodd, Mrs. and Miss Olive Sedgman, Mr. and Mrs. F. Eakman, Mrs. Alice Smith, Mrs. Nettie J. Dennison, Mrs. Riley, Mrs. K. Morris, Mr. and Mrs. Raymond Baldwin, Mrs. Hayes and Mrs. Elmer Pulling.

Woman's Club Notes

By MRS. WAVERLY E. PRATT

OFFICERS elected by viva voice vote at the meeting of the Woman's Club on Wednesday are as follows: Miss Virginia May Jones, president; Mrs. W. C. Dalzell, first vice-president; Mrs. Nestor A. Young, second vice-president; Mrs. May Farman, treasurer; Mrs. Gilbert S. Bovard, corresponding secretary; Miss Edna R. Green, recording secretary, and Mrs. R. M. McBurney. Mrs. Woodson F. Jones, Mrs. George Lehner, Mrs. Emile E. Smith and Mrs. Milford Thompson are the four board members.

The first part of Act 1 of a translation of the French play, Rostand's "Romances" was directed by Mrs. J. M. Steinberger. The characters were admirably portrayed by Mary Young, Gilbert Somner, Craig McLaughlin and LeRoy McBurney and the play received hearty applause from the audience.

"Street Scene," which took 10 years to write and which last year was awarded the Pulitzer Prize, was reviewed by Mrs. Steinberger. During the luncheon hour, Mrs. O. B. Manchester, curator of the book review section, reviewed numerous books and current literature.

Mrs. Emile Smith and Mrs. Waverly E. Pratt entertained members of the board at a daintily appointed luncheon at the clubhouse, following the morning program. Their guests were Mrs. E. E. Bacon, president, Mrs. O. B. Manchester, Mrs. J. M. Steinberger, Mrs. J. Blakeslee, Mrs H. B. Hersey, Mrs. John Osgood, Mrs. Woodson F. Jones, Mrs. R. S. Corlett, Mrs. John H. Robertson, Miss Laura Cadmus, Miss Virginia Jones and Mrs. William Middough.

Mrs. E. E. Bacon, Mrs. W. C. Dalzell and Mrs. John H. Robertson attended the Federation luncheon at Headquarters in Los Angeles on Thursday, honoring Mrs. Grace Y. Hudson, retiring Federation Secretary, and Mrs. Will Lee Austin, her successor.

Mrs. John H. Robertson, a member of the district committee of the Los Angeles Federation, has placed the club on the 100 percent list by her attendance at all conference meetings during the year.

Isabelle M. Hanbury, critic of First Impression, will give the first of a series of lecture-lessons, "Etiquette or the Power of Self Expression," next Tuesday morning at 9:30 at the clubhouse.

ANOTHER TROOP OF BOY SCOUTS MAY BE ORGANIZED HERE

Sierra Madre may soon have another Boy Scout troop. George Moran, chairman of the recently organized Boy Scout Community Committee, said last night that such a possibility will be discussed when the committee holds its first official meeting May 28, at City Hall.

Congregational and St. Rita's Boy Scout troops will make the Sierra Madre-East Pasadena Legion game Friday night a double header by leading off with a baseball game between themselves.

The boy's game is the forerunner of a series of proposed contests between Scouts of this city and other San Gabriel Valley towns.

Pickett Breaks Into Hall Of Fame

(Continued from First Page)

He bunted safely. Nosher popped out to second. Then Taylor bunted and reached first. One down, two men on bases—when Harkness, Sierra Madre's slugger, who had already cracked two home runs in the game, stepped to bat. Hayes, San Marino's pitcher, purposely walked him.

With bases full, and the stands wildly excited, Roy Pickett eyed Hayes winding up for the throw that would decide the game. Over it came. Somebody yelled: "Put some Richfield in it, Roy"—and Roy did, with a sweet three-base hit through short, giving Sierra Madre the game by a score of 15 to 14.

Features of the game were the two homers by Harkness, who has shown his slugging ability by piling up four homers in the three league games, and a homer by Mills of San Marino.

Pratt marked up 15 strikeouts, while Hayes struck out 7. Both pitchers walked two men. Three-base hits were made by Harkness, pickett, Evans and Mills. The score:

Work Of Eagle Rock Artists To Be Hung In "Little Gallery"

One Southern California art colony will visit another when eight or ten painters from nearby Eagle Rock display their canvasses in Sierra Madre City Hall during June, Mrs. Fred Griebenow, chairman of the Woman's Club art section has announced.

The Eagle Rock painters, including Ruth Peters, Conrad Buss, and at least six more artists from that city, will be entertained with a reception in the Little Gallery at 7:30 o'clock next Thursday night, June 4, when the new exhibit will be publicly opened.
